Step by Step Instructions

1. click on the Zoom link you may have been provided with in your class space or from your teacher (it will look something like this: <https://otago.zoom.us/j/123456789>)

Or

2. Enter the Meeting ID that you have been provided with in the appropriate field and click 'Join' (the Meeting ID will be a 9 or 10 digit number)

If joining from a mobile Device

Zoom user guide IS 8.3.19

If you are joining from a mobile device (Android smartphone/tablet, Apple iPhone/iPad) then it will simply prompt you to download the Zoom Cloud Meetings app from the App/Play Store.

If joining from a computer

When entering a Zoom meeting for the first time from a computer you will need to download a small application file.

This process is easy to complete on all commonly used browsers. The examples below are shown using Mozilla Firefox and Google Chrome.

Mozilla Firefox

Click 'Save File' and follow the instruction in the orange box.

Google Chrome

Google Chrome should automatically download the file and point to it as shown above. Clicking on the Zoom_launcher.exe file will install Zoom, there will be a short pause before a blue progress bar appears indicating the installation.

If an 'Application Launcher' or 'External Protocol Request' box appears simply tick the 'Remember my choice...' option box and then click 'OK'

Just before entering the meeting you will be prompted to enter a display name. This name is simply to identify you in the meeting and is not connected to your University username.

Join Audio via Computer

You will then be prompted how you wish to join your audio. If you wish to join audio via the telephone, follow the instructions further down, otherwise simply select Join Computer by Audio (*TIP: by ticking the “Automatically join audio by computer...” option box first, will mean you won’t get prompted again in the future*)

Raising Your Hand

As the non-speaker if you wish to ask a question or make a point during a meeting it is good protocol to use the 'Raise Hand' facility.

If the tool bar is not showing at the bottom of the Zoom window, place your cursor over the Zoom window so it appears and select the 'Participants' icon.

A window listing other participants will appear, there is also a 'Raise Hand' icon, click the icon to make it known to the Host that you would like to raise your hand.

If you wish to lower your hand, click the 'Lower hand' icon that will have replaced the 'Raise hand' icon.

Using Chat

You can use the 'Chat' facility to send text chat to all participants or privately to specific participants.

Click on the 'Chat' icon in the tool bar, again hover your mouse over the Zoom window if you can't see the tool bar.

A chat window will then open. Select 'Everyone' or the name of the person you wish to send a chat message to.

Audio only

It is possible that during the conference participants will be asked to turn off their cameras and move to audio only, particularly if there are problems with the available bandwidth.

To do this simply click on the camera icon at the bottom of the Zoom window.
